

TRANSITIONING TO THE METHOD CHOICE Community of Practice

LARC PM Community of Practice

Elaine Menotti, MPH

USAID Office of Population and Reproductive
Health; Service Delivery Improvement Division

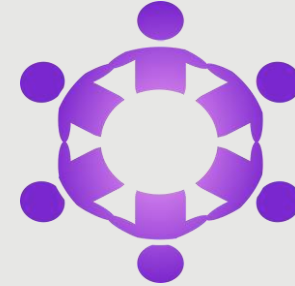

MOE-2013

COP, what's in a name?

Communities of Practice: Core Functions

- **Filtering**
- **Amplifying**
- **Investing + Providing**
- **Convening**
- **Community-Building**
- **Learning + Facilitating**

COPs: Advancing the FP Community

- Technical resources (e.g. training materials, job aids, toolkits, models, procurement lists)
- Consensus statements to advance policy and practice
- Global policy review and input
- Data and Analysis
- Research studies

Also...

- Forum and opportunity for thought leadership and problem solving
- Dissemination of technical resources and program models
- Platform for vetting, sharing of information and experiences

— Transitioning to a Method Choice Community of Practice

WHAT LIES AHEAD?
WHAT SUCCESSES CAN WE BUILD ON?
WHAT CAN WE DO BETTER?
ARE THERE MISSED OPPORTUNITIES?

Method Choice COP Wish List:

- Community-driven
- Practitioner-oriented (all disciplines needed!)
- Responsive to and reflective of the needs of the field + the global FP community
- Impact and influence beyond organization and its members

WHAT CROSS-CUTTING ISSUES
AFFECT MANY METHODS?

WHAT METHODS WILL REQUIRE
FOCUSED ATTENTION?

What's next? We are looking for your input:

- Engage directly in shaping and defining mandate and objectives of COP
- Inform structure and ways of working
- Build and expand membership
- Commit to participate and guide content and process
- Others?...

USAID
FROM THE AMERICAN PEOPLE

Thank you
